

# De Graft Management (DGM) Newsletter

August 2021 (2)

## De Graft Management (DGM) Showcase Launch Event

DGM launches its pioneering AI enabled property & waste management technology to a selected audience of key stakeholders, senior international business leaders, county and central government representatives from the world of financial services, telecommunications, property, government and waste management.

The event focuses on the importance of technology in the Property and Waste sectors in Africa. Industry experts from across the continent will discuss the key challenges managing buildings, assets and waste and the key role of technology in supporting this.

DGM will also be launching exciting new AI enabled technology which has been supported by Innovate UK, the UK Government's innovation agency.

### Key Features of the tech:

- Cloud based / secure
- Digitising property, asset and solid waste management
- Supporting / promoting the circular economy
- Game changer - Africans creating tech for Africa – scope and impact across the continent
- Informed by stakeholder requirements / addressing pain points
- Improving efficiencies and increasing profitability
